

VENT FREE Gas Fireplace Guide

Warmth Made Easy

A fireplace brings comfort, style, and a natural gathering point to any room. Monessen vent-free gas fireplaces make that easy, without the need for a chimney or venting.

Our vent-free technology is designed to keep heat inside your home, providing efficient and consistent warmth where you need it most. With flexible installation options, these fireplaces can be added to spaces where traditional fireplaces aren't practical, making it easier to upgrade the look and feel of a room.

A Monessen vent-free gas fireplace offers a simple way to add heat, ambiance and value to your home – so you can relax at the end of the day or host family and friends around the glow of a fire.

Artisan 48" linear fireplace shown with Copper face, Driftwood log set and Diamond fireglass

Artisan

©SpaceCrafting

Artisan 72" linear fireplace with Reflective Black glass interior panels and Driftwood logs

The Artisan brings modern fireplace design into more spaces with ease. Clean lines, elegant lighting and beautiful flames create a refined focal point that elevates any room. With 99.9% efficiency, Artisan delivers warmth with exceptional performance. Reflective black glass panels and multicolor LED lighting add depth and visual interest, whether the flames are on or off. Available in 42", 48", 60" and 72" widths – and single and double-sided design options.

Quick Look:

- Reflective black glass panels multiply the flame appearance
- Flames rise through shimmering Diamond fireglass
- Multicolored LED hearth lighting creates a showpiece even when the unit isn't burning

Artisan See-Through

See-Through linear fireplace with Copper face and Diamond fireglass

The Artisan See-Through gas fireplace upgrades two spaces at once, easily and affordably, with the ambiance of a modern vent-free operation. Clean, contemporary lines, elegant lighting and gorgeous flames elevate your fireside experience from any angle as you connect an inside and outside space or two interior rooms. Add this sleek see-through gas fireplace to supply warmth with 99.9% efficiency. And with reflective black glass panels, shimmering fireglass and multi-colored LED hearth lighting, the Artisan See-Through is an eye-catching show.

Quick Look:

- Artisan 48" See-Through can be installed on an interior wall or an exterior wall, extending your living space to the outdoors
- High-contrast, brilliant LED lighting and shimmering fireglass accentuate the flames
